0 of 0 review helpful I liked it By Stacy No Caution was perplexing in areas but it was a page turner If you are not homophobic with seeing a relationship with a woman and woman as it being equally physically and emotionally to a heterosexually relationship you will enjoy this book If you are homophobic just imagine the partnership as a male and female Please remember No Caution is a FICTION story and it gets emotions o Brooke Salmen is young beautiful educated and she has the life she always wanted She also has a man in her life Corey that would die for her Brooke s world is turned upside down when she meets Jacie LaSalle a beautiful woman that she falls in love with More drama continues as the two women get closer and things turn for the worst Will Brooke make the right decision and stay with Corey or will she step out of her boundaries with Jacie Love does not have any war
