8 of 8 review helpful ok but not satisfied By avid reader The book was an ok read but compared to the first this one is inferior There were no real details about anything that happened and everything is like a wait and see I feel like this novel was completely too short It was like nothing really happened and now gotta wait for pt 3 to find out what the hell is going on Her novels are usually short but they usually hav Kaliyah is still thirsty as she s ever been but she s not alone her bestie Xay has proven to be just as grimy and low down as her The saying that bird s of a feather flock together couldn t be more true when it comes to this thirsty pair Unaware of the fact that every action has a reaction both Kaliyah and Xay have been living life recklessly but for one of them the consequences of their actions may even prove to be deadly Thrill has finally gotten his life on track
