1 of 1 review helpful I want more By Talequa Barlow Omg Today Was a Good Day The Truth the truth will set you free this book will have you on the edge of your seat It took me for a spin I couldn't put the book down I thought the first book was the best with an ironic ending The 2nd one is a must read and has a twist in the story I felt in love with the characters wanting to know more and more about them I can Trina is back with a vengeance but this time she is not alone Nina and Tiara are determined to get answers as to how their sister had gone from being on top of the world to being in a mental institute in a matter of months While Trina is determined to get back to her normal life after receiving devastating news This time their journey takes them to New Orleans after following the lead of the private investigator they'd contacted after a series of strange and supernatural events
