1 of 1 review helpful the truth according to an insane black dopefiend By honey this play was a fantastic page turner

and it broke my heart and made me laugh at the same time what a read Nita s excellent gift for storytelling is evident in this drama that leaves the reader vacillating between the abyss of human emotions With blunt depths she portrays the thoughts of an addict with all their characteristics of blame rage denial and guilt in an unforgettable play that shakes the reader s stereotype of the person known as an addict As the drama builds contempt becomes acceptance and what is fearful is also filled with courage and hope Nita
