0 of 0 review helpful Loved it By A G This was an enjoyable read for me the action suspense and drama all made for a really good read I love how the story continues from the first book and all the characters are still in it I enjoyed the three main characters of this book and I was glad when they were able to over come the misunderstandings and fears that they had to form a solid bond between the three I hope this se Doc Lewis had been in love with Rocky Rodriguez

for more years than he could remember but he always knew that his wish to be with the man would never come true. But when circumstances throw them together in the Seelie Court something changes and the two men give into the desire between them. Their encounter ends with Rocky making a comment that drives Doc from him with a broken heart. Doc decides he needs to put plenty of space between him and Rocky and going on a miss.
