By Anton Chekhov : The Free State: A South African Response to Chekhov's The Cherry Orchard (Oberon Modern Plays) The Free State: A South African Response to Chekhov's The Cherry Orchard (Oberon Modern Plays):

This powerful version of Chekhov's famous drama of disillusionment The Cherry Orchard is set in rural South Africa on a farm producing cherry trees immediately after the restoration of democracy to South Africa in 1994. Suzman has given Chekhov's last great play a hard new dimension: public moral and political, and her production proves that the play can bear it and be enriched in the process. The Times. It is difficult to imagine a relocation which works as comprehensively.
